To Whom It May Concern:

RE: Vienna Bridges

I have known Vienna for over five years. For the last four years, she has worked on the Priest Lake Visitors Guide, doing everything from selling ads to the finished layout of the Visitors Guide. She has exemplary computer skills, using the required software to hand over a ready-to-publish disc for final production. Vienna is very professional and communicates well with our clients as well as the publisher.

Her dedication is above and beyond the call of duty. When we were down to doing the final work last year, her baby girl, Spencer, arrived early. Not missing a beat, she was back to work two weeks later, and the Visitors Guide was published on time.

Vienna is very organized, very thorough, and very fast. She is also very accomplished in using the computer and in graphic arts.

She will be working for me on the Visitors Guide again this year; I look forward to the experience.

Should you desire any other information, please do not hesitate to call me at 208 443-3070.

Sincerely,

Tom McDonough, Director and Past President
Priest Lake Chamber of Commerce
